These clinics have been very successful in helping people of all ages acquire the skills needed to put the "competitive edge" on their side. Along with these needed skills, our clinics provide a wealth of knowledge including many things that have taken years of "being in the business" to learn. Participants have gone on from these sessions and received immediate and rewarding results on local and national levels.

Presented with 

Andis Demonstration - 2006 Kearney, NE

These clinics provide a hands-on course with supervision at all times. You will learn proven techniques and tips on clipping, hoof trimming, show day dressing, showmanship, feeding and general care. I will also share many of the solutions to problems I've encountered over the years. In addition to the hands-on experience, we like to get together each day for group discussions covering a variety of topics. In the 15 years running, we have continually updated and improved these clinics in order to bring you the best and most sought after clinic you can attend. These clinics are an excellent crash course on everything in the show cattle industry.

If you are interested in putting on a Stierwalt Show School in your area contact us:

Equipment You Need To Bring:

Suggested clippers: Andis 2-speeds, beef head or hair head - Example: Andis HC clipper.

Suggested blades: Super Blocking blade, T-84 blade, Medium Blending blade, HT 5/8 blade.

Things you might want to bring include clippers, show stick, blower and a chute.

You are encouraged to bring your own animal to the clinic. Bringing your own animal is to your advantage because we can deal with that steer/heifer's specific problem.

New DVD's are available through Sullivan Supply

*Daily Care *Show Day Fitting *Clipping

Our Schools are not just for kids.

We have several adults that attend our schools each year.

We welcome all ages to attend.

"We are looking forward to another exciting summer and these clinics are looking bigger and better all the time. Come get in on the excitement and get the competitive edge. We're confident that when you leave, you will be enthusiastic about what you're capable of and what you can accomplish. In the past, people have traveled from Canada, Nova Scotia and 38 different U.S. States to attend these clinics."
